

# ECH4

IL DISEGNO LEGGERO DERIVA DAI PROFILI IN ACCIAIO A SEZIONE RIDOTTA CHE COSTITUISCONO IL TELAIO: 6/12 MM PER LE QUATTRO RAZZE CONTROVENTATE DA TIRANTI CHE NE IRRIGIDISCONO LA STRUTTURA. GLI SCHIENALI ADATTIVI E I FONDELLI IN TESSUTO SFODERABILE SONO DISPONIBILI NELLA VERSIONE CON O SENZA BRACCIOLI.

The light design is the result of the steel profiles with reduced cross-section that form the frame: 6/12 mm for the four spokes braced by tie-rods that stiffen the structure. The adjustable backrests and removable fabric upholstery seats of the chairs are available in versions with or without arms.

La légèreté du design passe par les profilés en acier à section réduite qui composent le cadre : 6/12 mm pour les quatre rayons renforcés par les tirants qui rigidifient la structure. Les dossiers et les fonds adaptatifs en tissu amovible sont disponibles dans la version avec ou sans accoudoirs.

Das leichte Design kommt aus den Stahlprofilen mit reduziertem Schnitt, die das Gestell bilden: 6/12 mm für die vier verspannten Speichen, die die Struktur versteifen. Die adaptiven Rückenlehnen und die Sitzflächen mit abnehmbarem Polsterzeug sind in der Version mit oder ohne Armlehnen verfügbar.

La ligereza se debe a los perfiles de acero de sección reducida que componen el bastidor: 6/12 mm para los cuatro radios arriostrados por tirantes que endurecen la estructura. Los respaldos adaptables y las fundas de tela extraíbles están disponibles con o sin reposabrazos.
