Taps

Guglielmi in satin-finish stainless steel. Tap model FG65111 (kitchen) and lever model FG65111 (bathroom)

Accessories

The compatible models envisaged for the refrigerator and wine storage cabinet, which are not supplied as standard, are as follows:
Refrigerator (bottle rack):
Liebherr FKv-503-21 001. / Wine storage cabinet:
Liebherr WKes-653-21 001

General warnings

It must be sheltered from direct rain. The kitchen's location should be roofed.

The kitchen can be in a place without a roof as long as it is covered when it rains.

Maintenance

Aluminium

Protect surfaces with barrier elements like film, paper, and peelable lacquers before placement and handling. If accidental contamination or splashing of strong alkalis or acids occurs, wash the affected area with a large amount of clean water, especially cut-outs or holes and cavities.

Teak

We recommend treating the wood with Kettal sealer (KS5707500) every three months, or more frequently in the case of hotel and catering establishments. To restore the teak to its original appearance, sand the entire surface and apply the sealer.
