The Ringer Collection is the first collaboration between Kettal and Michael Anastassiades, and was conceived as a minimal approach to Café dining furniture.

The title references the traditional Game of Horseshoes, and links to the gesture of the armrest sitting on top of the legs. Michael made use of Kettal's expertise in aluminium fabrication to create a robust collection which is still easy to move and rearrange.

Maintenance

For the aluminium clean with non-corrosive, non-abrasive cleaners to ensure the longevity and pristine appearance of aluminium surfaces. Avoid the use of scrubs pads or pressure cleaners, as these may cause damage.

For the cushions, clean with mild soap using a sponge or cloth. Be gentle during the cleaning process; avoid aggressive scrubbing of the seater. After cleaning, ensure you remove any excess soap.
