Roll

Designer: Dondoli e Pocci

La possibilità di fissare la libreria Roll a soffitto, oltre che a parete, la rende un elemento di arredo installabile anche nel centro di una stanza per dividere due ambienti. Il fissaggio al muro avviene tramite montanti composti da tubi metallici in finitura piombo; sia i ripiani che i dettagli che fuoriescono dai tubi metallici sono disponibili nella stessa tonalità dei montanti oppure in finiture o materiali diversi, per un gioco di contrasti dalla massima eleganza. La modularità della libreria Roll la rende adatta per ogni dimensione di parete della casa o dell'ambiente ufficio. Disponibile anche il modulo contenitore, per riporre comodamente oggetti e libri.
