Combination

Designer: Alain Gilles

L'unione di cerchio, rettangolo e mezza sfera crea un oggetto la cui percezione e interpretazione variano in base al punto di vista dell'osservatore. Combination è a tutti gli effetti un elemento sempre originale, dal carattere variabile: osservandolo frontalmente l'elemento rettangolare sembra molto ampio; lo stesso elemento osservato di lato appare invece estremamente sottile. Combination è un tavolino da salotto, camera da letto, studio, disponibile in due diverse altezze e in numerose finiture di metallo verniciato, tra cui le raffinate colorazioni bronzo, piombo e oro perlato.
