

BONALDO

Dune

Designer: Giuseppe Viganò

Le ante frontali in legno sono caratterizzate da una superficie ondulata che crea un susseguirsi di luce e ombre, mentre la base metallica si sviluppa asimmetricamente e valorizza l'orizzontalità della madia. Dune è una madia moderna in legno dal carattere rigoroso, oltre che estremamente elegante e curata in ogni singolo dettaglio. Un elemento che si colloca perfettamente sia in una casa privata che in un ufficio. La madia Dune è disponibile in due diverse combinazioni di colore: struttura esterna in legno laccato bronzo, ante in noce Canaletto e base in metallo color bronzo oppure struttura esterna in legno laccato piombo, ante in rovere carbone e base in metallo color piombo.
